## Skills

Java | C# | OOPs | ASP.NET | HTML | CSS | JavaScript | Ajax | React.js | Express.js | Git | SQL | MongoDB.

## Work Experience

### Vegam Solutions| Associate Software Engineer

Feb'23 - Mar'24

- Directed the creation and maintenance of essential web pages for a premier industrial automation enterprise, addressing over 30 bugs and executing change requests within Agile SDLC guidelines.
- Enhanced data-driven decision-making by executing SQL queries to extract and analyze production data, leading to a 20% reduction in software development lifecycle (SDLC) turnaround time.
- Managed troubleshooting campaigns to identify and resolve issues, utilizing technical acumen in C#, ASP.NET, HTML, CSS, JavaScript, KnockOut JS, and SQL to enhance program quality and stability.

### North West Karnataka Road Transport Corporation (NWKRTC)| Application Developer Intern

Sep'22 - Oct'22

- Revamped and modernized the existing database infrastructure, resulting in a 15% reduction in data retrieval times and a 25% improvement in data accuracy and reliability.
- Leveraged SQL and Oracle reports expertise to enhance database efficiency, reducing data retrieval time by 25% and ensuring seamless integration with SDLC practices.

## Projects

### WeConnect

Apr'24

*Developed a MERN social media application enabling users to connect, share, and engage through posts, likes, and comments.*

- Spearheaded the project, providing a platform for users to upload posts, like and comment on posts, and interact with each other seamlessly.
- Implemented user authentication, post feed, real-time updates, and post creation features for an engaging user experience.
- Technologies Used: React.js, Express.js, MongoDB, Redux.js, Tailwind CSS.

### Weather App

Aug'23

*Engineered a React-based web application that delivered real-time temperature data for 50+ global locations.*

- Spearheaded the creation of a user-friendly weather information application in React, enabling users to input locations and access detailed temperature data and current conditions.
- Technologies Used: React.js, CSS, API's.

## Education

### KLE Institute of Technology, Hubli

Jul 2019 - May 2023

- CSE | CGPA: 8.25

### Adarsh PU Science College, Hubli

Jun 2017 - May 2018

- Class XII | Percentage: 73.83%

### Giants English Medium School

Apr 2014 - May 2015

- Class X | Percentage: 81.44%

## Extracurricular Achievements / Positions of Responsibility

- Collaborated with academic departments to align curriculum with industry demands, enhancing student employability skills, and contributing to a 20% increase in student satisfaction with placement outcomes, showcasing communication and strategic planning skills.
- Captured the 1st Prize for "Make in BVB ELVIC Hackathon" across Karnataka on pitching "Fineness modulus of Coarse Aggregates" using Image Processing.
- Coordinated a blood donation drive with the Youth RED CROSS WING, collecting over 100 units of blood, demonstrating teamwork abilities.
- Led as event coordinator for "Advitiya 21," managing logistics and execution to create a successful national student's technical fest, showcasing exceptional leadership.
